## RIDE OF SILENCE

**M**ore than 70 cyclists joined the Ride of Silence on Wednesday, an annual international event that remembers cyclists who have been killed or injured on the road. It also serves as a reminder of the legal rights cyclists have on the road. This year's Green Valley ride remem-

bered two local riders who were injured, and Timothy Breslin, who died in November after colliding with a vehicle in Sahuarita. The ride began at the East Center and included 6-year-old Jordan Lamb of Sahuarita, left.

## GV Library getting a two-week makeover

By **David J. Del Grande**  
ddelgrande@gvnews.com

The Joyner-Green Valley Branch Library is ushering in a new chapter with a modern layout and upgraded shelving. And that's just for starters.

The library will close for two weeks starting June 3 during the first phase of the renovation.

The project comes with a \$200,000 price tag, with \$197,000 going to replace shelving; the extra money will pay for housekeeping expenses associated with the renovation.

During the second leg of the project, during which the library will not be closed, worn furniture will be replaced and computers used for catalogue searches will be added to the children and teen sections. Having a separate space for adults and children using library computers can help when, for example, a parent is applying for a job.

"It just creates a better experience for parents and children," said Kathy Konecny, manager at Joyner-Green Valley.

The copy machine will migrate to the front of the Kohl Family Foundation Trust Computer Laboratory. Four computers will lead into the children's section: one for self check-out, another for catalog search, and two dedicated to kids.

# RIDE OF SILENCE

**Debora Breslin**, left in photo far left, gets a hug from friend Robyn Carlsen of Sahuarita. Her husband, Timothy, died last year in a crash outside Rancho Resort. Tommy McDonald, left, was injured in September when he was struck while on his bike by a hit-and-run driver. McDonald, 73, spent more than 40 days in a hospital. Above, a white "ghost bike" honors the memory of Breslin, who died in November, about a month after the crash.
